

ENHANCED CONCIERGE SERVICE

Product Details

RCM Health Consultancy has been providing Canadians with the highest level of concierge service and patient advocacy for decades.

Considering the current state of the healthcare system, and the fact that no one has been untouched by the crisis, demand for this valuable resource has increased dramatically.

In anticipation of this need, in partnership with RCM, we're excited to announce that this superior level of care is now available as an enhancement to your IMI coverage!

About RCM

- Founded and managed by a well-respected Canadian physician
- Extensive first-hand experience and knowledge of the Canadian healthcare system
- Professional connections with over 3000 medical specialists worldwide
- Substantial experience with complex medical conditions (physical and mental)
- Highly recommended by private clinics (Cleveland, Medcan, Telus)

Enhanced Medical Services

- Customized psychiatric outpatient assessments
- Substance abuse guidance & treatment options
- Senior care, (including in-hospital bedside advocacy & capacity testing)
- "Hospice in the Home", with support & solutions for families with palliative care requirements
- "Focus on Cancer", with a network of over 800 leading oncologists and advanced testing centres
- Global assistance and crisis management, with connection to a network of 93 private air ambulance companies

Personalized Support & Advocacy

- Interdisciplinary team approach for each file
- Direct physician communication with patient
- Full integration with medical team
- Attendance in patient case conferences & meetings
- Committed to service during & after treatment

For Canadians who demand and expect superior medical attention, the RCM Enhanced Concierge Service is the only viable solution.
